## **Mind Map – developer; ACADEMIC INTERNSHIP:**

### **MIND-MAP DEVELOPER (Physics, Bio, History)**

Shikshalaya is an active learning center aims to meet after school academic needs of higher kids. We aim to scale up ensuring wider and larger impact helping kids to explore the essence of what innate beauty of academics is.

For the same - we are looking for passionate people who can work within the constraints of On-Field parameters and develop the content of excellence. For the excellent content to be developed we believe Mind-Maps being the best tool for summarizing a complete chapter and remembering. This ensures higher academic achievement.

### **ROLES AND RESPONSIBILITY**

As a Mind Map developer you will be required to:

- Co-ordinate with subject experts and understanding the chapter
- Get the key highlights of the chapter
- Develop a mind map with appropriate image and reference vids (if available)

### **SKILLS AND QUALIFICATIONS:**

- Well versed with X-mind tool (or any other equally enriched software)
- Experience in making mind-maps
- subject expertise will be additional help

### **SELECTION PROCESS**

- A sample chapter of biology (NCERT book 9, Chapter5), you can download NCERT book online (Xmind format will be preferred, other tools are also welcome)
- Curriculum Vitae (C.V.)

### **COMPENSATION – Negotiable**
